November 2008

Dear Potential Post-Doctoral Fellow:

Thank you for your inquiry about our post-doctoral fellowship training program.

Attached please find a narrative with some information about the Integrated Center for Child Development and an application.

Please complete the application, attach the requested materials and forward to me as soon as possible. Although the deadline for applications is February 1, 2009, we will review each as it is received and begin to fill our post-doctoral fellowships. We strongly encourage applicants to forward application materials as soon as possible for priority review. There is a stipend of \$34,000 for first year fellows and other benefits are available such as health and dental insurance.

Your packet should include:

- _____ Application
- _____ CV
- _____ Transcript (this may be “unofficial” but issued by your Registrar’s Office; an official transcript is required prior to beginning your post-doctoral training)
- _____ Three(3) sample testing reports (cleansed of identifying information)
- _____ Two(2) letters of reference (these should be from someone who can attest to your professional character and clinical ability)

Feel free to email me should you have any questions.

Sincerely,

Chris Studley
